

SELFSTICK COHESIVE BANDAGE

Unique bandage that sticks to itself and not the body of patient! Useful for patients with delicate skin and easy removal thus minimizing trauma on removal.

- **No need for adhesive tape / clips to secure bandage**
- **Used for immobilizing / supporting parts of injured limbs and digits.**
- **Applicable in splints and fixation of wound dressing.**
- **Applicable in field of sports.**
- **When applied properly provides an excellent compression that won't cut off circulation!**
